

Reflection
IB Learner Profile Poster
New Media I
Ms. Mitchell

There are three components of this project:

- Understanding of the IB Learner Profile
- Design and production of the actual Learner Profile poster
- Learning Adobe Illustrator while working on this project

Your reflection should address all of the components. Specifically, you should write a 1 ½ page MLA formatted reflection that covers:

- How did rewriting the words of the Learner Profile to be more active words help me actually understand the ideas behind the Learner Profile?
- How did the design process help me understand and convey the meaning of the Learner Profile to the viewer?
- What are the lessons I've learned about using Adobe Illustrator through creating the poster?
- If there is anything you feel you could have done better in this entire process, please include a description of what they were and how you would do it differently the next time you work on a project.

The due date for this reflection is on the Calendar on the New Media I web site. Please email the completed reflection to mitchellda@guajome.net.
